It has been our pleasure to honor Mr. Charles Jendrysik as *Memini 2011* co-dedicatee. He has been at Chicopee Comp since 2001, and supervisor of the Social Studies department since 2007. He has been active in every way possible, and doesn't stop until he is completely satisfied that the needs of each student have been fulfilled. Former principal, Mr. Stanley Kozikowski said this about Mr. Jendrysik, "He's always working making sure that he can do whatever he can to help the students."

In addition to being department supervisor, Mr. Jendrysik is also the co-advisor of the junior class of 2012, the alumni class of 2007 and Student Council with Mr. Zdroykowski, and advisor of the Political Science Club. That's not all, though, as Mr. Jendrysik teaches three classes, one class of Pre-AP U.S. History, one class of AP U.S. History, and one class of American Studies. Jessica Avery, or "Javery" as Mr. Jendrysik called her sophomore year, had this to say about his teaching style: "He's fun and focused. He gets his point across without making you feel inferior."

As teachers are humans as well, we would be remiss if we didn't mention his family. He has been married to his wife Julie for eight years, and has two children, Nathan and Emily. In fact, he is not the only

member of his family here at Chicopee Comp; his nephew, Mr. Kevin Dwyer, who currently teaches Math at Comp, said, "It has been a positive experience as it was the reason why I became a teacher in the first place."

Mr. Jendrysik graduated as a Pacer from Chicopee High School in 1997, and attended Westfield State College in the fall, graduating in the spring of 2001 with a degree in History. Mr. Jendrysik ended up teaching at Chicopee Comp right after college, where he has stayed ever since. In the time since he came to Chicopee Comp, he has gone back to college, Framingham State, to obtain his Masters in Education, and he worked to earn a Certificate of Graduate Studies in Educational Administration, with a goal of eventually becoming a high school principal.

It goes without saying that Mr. Charles Jendrysik is a major fixture at Chicopee Comp, and that Chicopee Comp is a major fixture in Mr. Jendrysik's life as well. We have always known that he has been there for the students and will continue to do so. Mr. Kozikowski said that, "(He) is not happy until his students are happy."

Not only has he gotten students to love history and want to study it, but he has also inspired students to want to teach. Joshua Clark, who plans on studying History in order to become a high school teacher, said, "Mr. Jendrysik is one of those teachers that makes history interesting; he does this by not just standing there and lecturing, but

by interacting with the students and getting to know them. He, in a way, makes his lessons seem personalized. I hope to teach like that some day."

Even his peers notice his work ethic and positive personality. Ms. Lori Parzych said this about her fellow department supervisor: "In my book, Mr. Jendrysik is 'numero uno.'" Mr. Kevin Zdroykowski, who worked with him in the 'Big Y days,' said about his friend Chuck, "He was a real quiet guy and came out of his shell with Big Y."

Mr. Jendrysik is and will always be an inspiration, a leader, and an excellent resource. He has inspired countless students, led his department and his classes with tact and knowledge, and has been an incredible resource for anything history. We all owe Mr. Jendrysik a debt of gratitude for all the hard work and dedication he has shown Chicopee Comp through the years.

- 1) Mr. Jendrysik with his wife Julie.
- 2) Sometimes excitement bottles up inside, and you just need to release it.
- 3) Mr. and Mrs. Jendrysik with their freshly minted alum Chuck.
- 4) Mr. Jendrysik with his brothers.
- 5) Mr. Jendrysik marching at graduation.
- 6) Mr. Jendrysik and Mr. Zdroykowski participate in Halloween shenanigans.
- 7) What more can a kid ask for? Halloween candy and a Pepsi.
- 8) The man, the myth, the legend.

Mr. Charles Jendrysik

Vocational schools are recognized more often for their programs, rather than the people behind them. It is our honor to announce Mr. Kenneth Widelo as co-dedicattee of *Memini 2011*, after his hard work for both his school and his students. Nearly one half of our students benefit from the work of Mr. Widelo, and he continues striving to improve the already great programs, not to mention that he is also a tremendous supporter of this yearbook and the work we do.

So who is the man behind our school's Career and Technical Education program? Kenneth Widelo is a graduate of Northampton's Smith Vocational Agricultural High School. Afterwards, he attended the University of Miami for his Bachelor's and Westfield State College for his Master's.

- 1) Mr. Widelo in the good ole' days in the Auto Body shop.
- 2) Family was always important to him. Here he is with the family at a summer picnic.
- 3) While piloting and koi-pond building are his hobbies, he also takes pleasure in boating.
- 4) Mr. Widelo by a cannon at Gettysberg.
- 5) Working the tiller in the old building's courtyard.
- 6) Little professor—Mr. Widelo in 1956
- 7) Mr. Widelo posing for a picture for *Memini*.
- 8) Mr. Widelo is a ham for the camera.

Mr. Widelo is married to his wife, Laurie. He and his wife have a daughter, Stacey, and a son, Jonathan. Mr. Widelo spends much of his time with his family; he and his son collect and restore antique engines. Both are also huge New England sports fans, always cheering on the Red Sox, the Patriots, and the Celtics.

Have you noticed the beautiful pond that lies within the walls of our academic wing? If Mr. Widelo weren't a Koi-Pond enthusiast it may not have been constructed. His passions also lie with flying; at age 16 he was the youngest person in Massachusetts to obtain a pilot's license.

Mr. Kozikowski, principal at Chicopee Comp for nearly a decade, had nothing but accolades for Mr. Widelo. He characterized him as upbeat, always willing to help the students, compassionate, and above all, instrumental in helping to make Chicopee Comp the best vocational school in Massachusetts. He said this about his former right-hand man, "Mr. Widelo fought very hard to increase Career Tech for as many students as possible, even allowing academic students to mix Career Tech and academic courses."

Mr. Morrison, relatively new to the school building, appreciated Mr. Widelo's help when he was getting acclimated to the building. "He has been the support that most students don't know about. He's more of a behind-the-scenes administrator." Mr. Morrison also noted Mr. Widelo's pride in Compaccino's, which has experienced a boom from this year's

senior class. "He is always looking for ways to develop Compaccino's, and is proud of its 2011 successes."

Half of the school's population is involved in Career Tech. The most important way to increase enrollment is to increase awareness. Mr. Widelo has been instrumental in increasing enrollment in the CTE program, using the middle schools as feeder programs. Open Houses and Step-Up days are a couple of the ways that he has done just that.

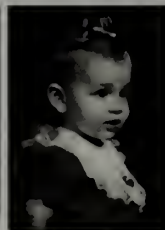

Sean Smith, a senior Electrical student looking to obtain a job in the field after graduation, had nothing but praise for Mr. Widelo, a man he and his peers work with on a regular basis. "Mr. Widelo is a good asset to Chicopee Comp, he helps when needed and does a lot for the Electrical program and for the other programs in the school." It is clear that other students share that sentiment.

Whether you're an academic student or a Career Tech student, there is no doubt that you have benefited from Mr. Widelo's service to Chicopee Comp. His hard work will be remembered by many as they utilize the training they received at Chicopee Comprehensive High School in the future.

Freshman Year

“You wish you were this fresh!”

As freshmen, it's tough starting off in a new school with sophomores who hate you, juniors who don't care about you, and seniors that try to take you under their wing. What made it tougher for our class? Well, after finally getting used to the old building and all of its challenges, such as the crowded lunchrooms and the chaotic intersections, we had to get up and move during the middle of the year into a brand new building. We got to give everyone a taste of their own medicine, in that they were unfamiliar with the building as well. It wasn't easy but we made it. We watched as our school won the coveted Mayor's Sword at the Sword game and proved that we were the smartest of all four classes during Spirit Week. No one would've imagined that we would make so many memories or get to meet so many new people. We stood out and set an example for how awesome a freshman year can be.

Mr. O'Malley's Algebra I class wasn't afraid to show their color day spirit.

Sophomore Year

“Naturally Flavored”

“Double the 1, Double the Fun”

Our sophomore year was full of memories. We accomplished so many things we never thought were possible. Thanks to the efforts of Chicopee's Best Dance Crew, we placed first in the Spirit week Dance-Off! This got everyone pumped for the rest of the week. After some controversy and news of a new principal, sophomore year was an excellent and rewarding year.

Senior Year

"The Ones to Remember"

After three years of striving to become Seniors, we finally we did it. Looking back, the homework we dreaded to do, the tests we hated studying for, and the teachers that were always pushing us to do our best finally paid off. Each year was a step closer to the "real world," which we are now closer than ever to. We all faced challenges during high school, starting from the very bottom when we were "worthless" freshmen to the top now as "mighty, mighty" seniors.

Whether we passed our spare time hanging out with friends or playing sports, we all managed to keep our grades up so we could graduate with our class. Memories that we have made throughout these past four years will stick with us forever. Who could forget beating Seniors in the Spirit Week events, or sophomore year and our "Chicopee's Best Dance Crew." No matter what, the Class of 2011 will always be "The Ones to Remember."

Best Buddies

Most kids often forget about the Special Needs students. Why do you think that? Maybe because they are different? Well, they aren't. They are the sweetest, most generous people that you will ever meet. They love life and they love being in school with all of the other Chicopee Comp students. The Special Needs students are not camera shy at all. They are the most hard

working students in the school. They have learn how to cook, clean, write, and other simple tasks that most of us take for granted. They appreciate life more than anyone else. A few of the Special Needs students also compete in the Special Olympics each year and they have such an awesome time competing. The next time you say "my life is so hard," just think about the Special Needs students and maybe you will change your mind.

“Why don't you get a J-O-B?”

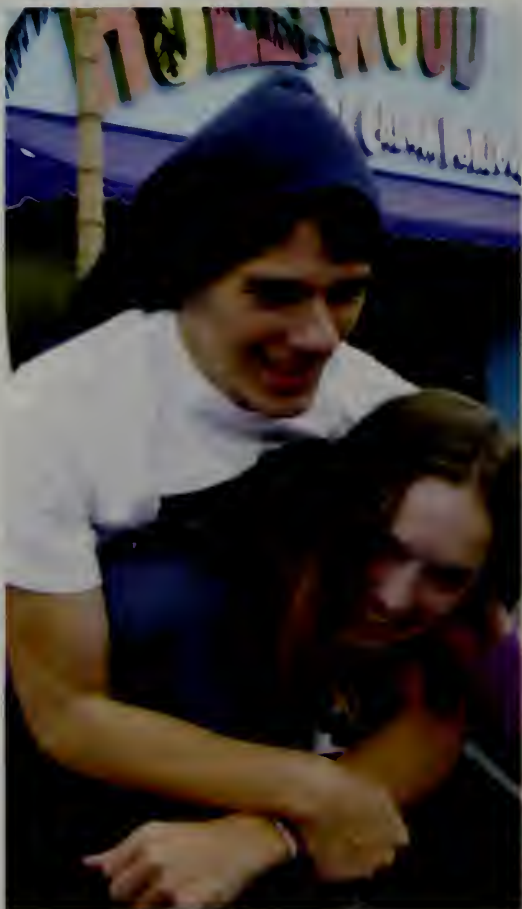

Your junior year, and oftentimes your senior year, you'll hear your parents tell you over and over again to get a job. Now that you have big responsibilities like paying for your car, car insurance, buying cans for the canned food drive, and of course, senior dues, going through multiple applications at a time and anticipating a call from where you applied will be the story of your life.

However, soon you'll be making plenty of money. Some students get seasonal jobs in the summer or winter, and others work diligently year-round while balancing school, sports, and activities. Some work with their family, some work with their friends, and others even work for themselves by starting their own business. Either way, they get the job done.

Life Outside Comp...

As students, we all have things that stress us out during the day.

For seniors, it may be the pressure of applying to college or just getting through the year. For juniors, it may be SATs, the new threat of AP classes, or just trying to fit in with the seniors. For sophomores and freshmen, it may be adjusting to high school and finding what your strengths and weaknesses are.

That's what weekends, holidays, parties, and vacations are for. This is their time to step back, breathe, and enjoy life while they

are still young.

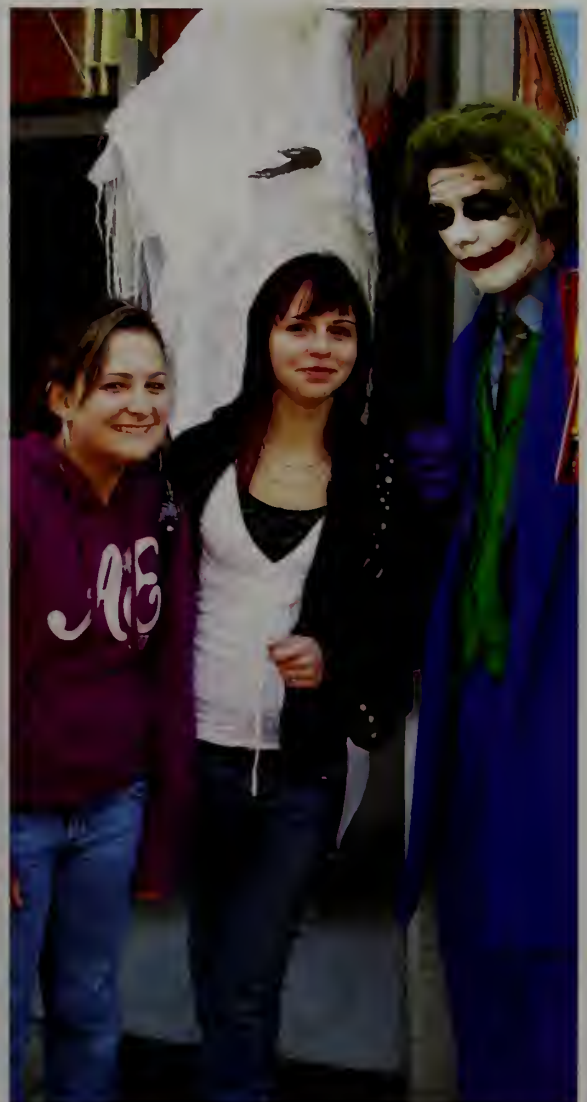

Students' time is very valuable. You are only a teenager for so long, and at least 30 hours of every week is spent at school. When going out, they do anything from going to the mall to eating at a restaurant to just hanging out with friends. Some vacation together, and some go away with families. No matter what, every student is entitled to some "me" time. These people try their best Monday through Friday so they can make it until Graduation Day. They deserve it!

Halloween

Halloween is a major part of the student life at Chicopee Comprehensive High School. Every year students anticipate Halloween Dress-Up Day. Usually on Halloween, students walk into school wearing their costumes. Many of the teachers, also inspired with the Halloween spirit, dress up too!

week! While the underclassmen made a valiant effort, the seniors won this year, earning 100 points toward Spirit Week.

It goes without saying that Halloween is an important holiday. It has truly become a long-lasting tradition at Chicopee Comp.

11/04/2008: Barack Obama (D) was elected the 44th President of the United States. He is also the first African American President.

06/17/2008: The Boston Celtics defeated the Los Angeles Lakers in six games to win their 17th NBA Championship, their first since 1986.

04/03/2010: The Wi-Fi model of Apple's iPad was released in stores and has sold millions of devices since. The Wi-Fi and 3-G model was released on 04/30/2010. Be prepared to spend at least \$500.

01/12/2010: A fatal 7.0 magnitude earthquake hit the Caribbean nation of Haiti, killing 150,000 people in the capital of Port-au-prince alone.

Step Outside of Comp...

Four years of high school goes by pretty fast. We moved into a new building halfway through our freshman year. We won the sword game our sophomore year. The boys volleyball team won a state championship our junior year. Though there are many things happening within CCHS, there are always things occurring outside as well! What about sports, news, and

entertainment? What events are we going to look back on and say, "I was in high school when that happened," when someone asks where we were? Every graduating class sees a presidential election, numerous sports championships, plenty of movie releases, and plenty of big, provocative stories from around the world during their four years of high school. These are just a few things that happened during ours. . .

08/31/2010: The combat mission of the Iraq War finally ended after being in the country since March of 2003. Over 4,200 troops died during that time.

08/25/2009: Senator Ted Kennedy (D-MA) died at his home in Hyannis Port, Massachusetts. Brother of the late President John F. Kennedy, he served in the U.S. Senate for nearly five decades.

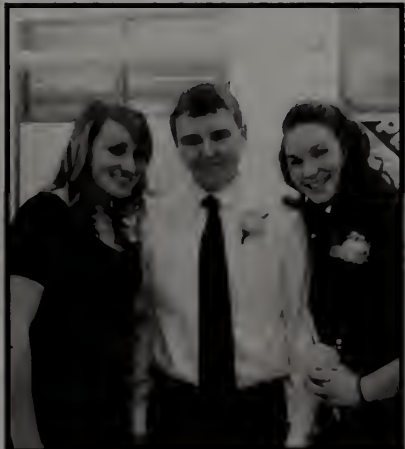

06/25/2009: The "King of Pop", Michael Jackson died at his Los Angeles mansion. He had sold nearly 750 million albums in his time.

Career Tech

Automotive Technology

Automotive Technology is described as a fun class, but with all the cars in our society everyone needs a mechanic. The shop is taught by Mr. Syriac, Mr. Williams and Mr. Yacubeck. The students learn discipline as well as great life and career skills.

The seniors in the class are Nathaniel Cedrez, Cal Gridley, Maksim Kot, Jason Pelczar, Joshua Rose, Devin Sadowski, Andrew Morgan, Raymond Sanchez, Marcin Wszolek and Gabriel Vega Williams. These students are ready to pursue careers in Automotive Technology after leaving Comp.

Above: Andrew Morgan and Devin Sadowski work on the under body of a car in the shop for repair.

Below: Jessica LaFever learns new marketing techniques that she will be able to utilize in her career.

Students in the classes taught by our Business department learn skills that will stay with them throughout their lives.

Here students have the opportunity to learn skills that can help them get a job in the future, or help them manage their lives now. Students become proficient in accounting, certified in Microsoft Office applications, and even learn how to run the school store. At Comp, there's something for everybody.

Carpentry

Measuring, cutting, shaping, and building: these are skills that not everyone possesses, just the selected few who have the proper training.

The students in CTE Carpentry learn how to design and shape wood to make beautiful and/or useful designs that require a lot of skill to build. They learn how to measure wood and cut with exactness and concentration. They also learn the skills that they need to find jobs in this field. It takes a lot of time, talent and dedication to become a professional carpenter. These students will leave high school with precious experience and knowledge.

Above: Courtney Chouinard, Kevin Lanctot, and Rebecca Morgan measure exactly how much wood they need to cut.

Growing up, many people cook with their parents or other close relatives. At CCHS, we help students to master this goal through the culinary arts program. Culinary arts students are able to learn the art of preparing quality meals through hands on techniques that they use with a variety of recipes. Many students also help in the production of the meals for Compaccinos, the class-run restaurant which is very popular among faculty and seniors at Comp. With their aprons and black hats on, students create delectable dishes that tend to put a smile on everyone's faces. You know it's a Compaccinos day when you can smell their delicious masterpieces coming to life throughout the hallways.

Culinary Arts

Left: It's not all fun and games in Culinary. Students also have to learn how to sanitize a kitchen, as shown by Braelyn DuBois.

Students look on as cupcakes are prepared. Observing others helps students to learn new skills and also learn from others' mistakes.

Dennis Crosier and Ryan Gagne help to prepare a scrumptious meal for their class. It takes a lot of hard work to prepare enough food for the day.

Left: Christopher Sawicki shows one of the many projects he has worked on this year.

Above: While making the blueprints to a house, Josh Gregory takes his work very seriously.

Left: Wilson Hernandez-Ortiz is just one of the many students who enjoys drafting.

Without the art of drafting we wouldn't have our high school or home. Drafting students work with real life situations, drawing and sketching blueprints to various structures and objects. "We make blueprints for either architectural or mechanical drafting," Mr. Grzelak explains. The students also get to work with high tech equipment and transform 2-D objects on the computer into tangible objects. Our drafting program trains the architects and designers of the future.

Electrical gives many young men and women the opportunity of a lifetime. Students work in a safe environment supervised by their knowledgeable teachers. They learn more than just how to get a light bulb to work, they learn skills that they can use for the rest of their lives. Electrical teachers give the students a look into the real world of working in this business. They go through theory, which involves reading up on laws and the theories of electricity. The students also work hands on, on boards learning how to wire a home. Comp students get an opportunity many wish they had been given, learning real life skills to carry with them way after high school ends.

Horticulture is a great opportunity for students to learn various skills they can use for the rest of their lives. The students that chose to take this trade spend their time working on different projects around the campus. They have projects from planting vegetation, to designing landscapes, and constructing the brand new courtyard. To take this class you have to be able to get your hands dirty. The students in this class work hard to keep and maintain the campus of our school.

At Chicopee Comprehensive High School, students studying Machine Tool Technology learn how to assemble, prepare and manufacture parts for industry use. They learn how to analyze blueprints and fabricate parts from raw materials using state-of-the-art equipment. The students in this program work daily with very knowledgeable instructors so that by the time they graduate, they will be able to call themselves well-educated machine tool technicians. These young men and women, after going through this course, can go out into the real world with the confidence to pursue a career in the machine technology field.

Cross Country

The Boys Cross Country team was small in numbers, but big in heart this year. While it was a losing season, there were many highlights throughout their meets. Despite a broken collarbone, Dan Shepard managed to set a course record at Chicopee State Park. Under the guidance of Coach Fernando Gonzalez, Shepard finished 5th at Western Mass, with Tyler Leahy cracking the top 30, finishing in 27th place. The team also saw strong contributions from senior Daniel Jaracz, junior Sonny Yu, and sophomore Adrian Sanmiguel. The Girls

Cross Country team continued their growth in 2010. Led by Coach Julie Thayer, the team was an enthusiastic group. Coach Thayer's fun-loving approach turned the team into a close-knit group of friends. The lady Colts started a fitness club at Bellamy Middle School to get younger students involved in exercise. The team relied on leadership from veterans Nicolette Jordan, Tiara Wright, Sam Beaudoin, and Gabby Voorhies. Nicolette Jordan was the team's top finisher at Western Mass.

The Chicopee Comp football season was an exciting one. With an eye on the playoffs, the team fought hard all year. Led by captains Austin Berneche and Alex Shaver, the Comp Colts definitely left their mark on the Western Mass football season. Austin (11) and Alex (18) were great leaders throughout the season. First year quarterback, Matt Yacubek, filled in some big shoes and did a great job. Senior halfback Brandon Melendez also did well, supplying the Colts with a tremendous amount of speed and agility.

Senior fullback Ryan Gagne showed the opponents up with his power and strength. Last but not least, Senior linebacker Brett James was notorious for laying the big hit and firing up the team. Many other Colts were huge assets to the team and everyone found a way to contribute to the great season. The Colts dealt with some tough losses, but the players still found a way to come close to the playoffs, not to mention bringing the sword back to where it belongs. As you can see, the Chicopee Comp football team did a great job this season.

Boys Soccer

The 2010 Boys Soccer boys were a force to be reckoned with.

Throughout the whole season, their goal was to strive forward as a team. Two of the three captains, Nick Soillis and Ruslan Kravchenko, led the team scoring five and four goals respectively. The team worked hard on the field but still had fun. Their schedule was tough, but the boys fought through the games and kept their heads up, staying a close-knit team for the entire the season.

Girls Soccer

They say that hard work, practice and sportsmanship pays off; this year Comp's girls soccer showed just that. Varsity finished the year not only with a phenomenal record of 15-4-3, but also as Western Mass and League Champions! Whether they were playing in freezing weather or losing key players to injuries, the girls season was anything but easy. However, they always managed to pull through and that's what makes a great team. Junior Varsity A and B had a tough season but they played exceptionally well and gave it their all. All three teams owe a lot to their amazing coaches whose determination turned the girls' talent into total domination.

Girls Volleyball

The Girls Volleyball teams showed amazing spirit throughout their season. They supported breast cancer research by dedicating a game to the cause. Everyone dressed up in pink to support those who have been affected by breast cancer and in memory of Olive Berneche, a special fan. Felicia Houle and the team said that Olive Berneche is "always in our hearts, never to be forgotten". In addition to the charity game, the varsity team also made it to the tournament.

The varsity team had a record of thirteen wins and four losses, while the JV team had a record of five and nine. The Girls Varsity Volleyball team consisted of great players. The seniors on the team were Felicia Houle, Tanya Zhuk, JC Pickett, Nicholle Huber and Alexis Wegrzynek. The team all came together on senior night and won the game. The win was both for the team and themselves. The 2010 season will be memorable for everyone who participated in girls volleyball.

“

Bryan Donze

Great season boys. We bathed in plenty of sauce.

“

Dan Wolf

Comp Golf: "No thanks. We have plenty of sauce."

“

Joe St. Jean

To play Comp golf, you need sauce and penetrating ball flight.

“

Sean Dziedzic

Get sauce or go home.

Golf

Are you ever looking for a challenge? Then golf is the sport for you. Even though it may not look challenging when the Comp boys are on the course, it's all about precision, accuracy, and brain power. These boys may not have had the best season score-wise, overall they had a blast. With many inside jokes about "sauce" and "precision ball flight", these young men learned the sport while creating

bonds that can never be broken. Their one win came from their first match against Holyoke, which was led by Joe St. Jean's score of 38 and Sean Dziedzic's score of 37. Sean Dziedzic, Joe St. Jean and Dan Wolf also shared the number one spot this season. Joe St. Jean even made it to Western Mass. It became very clear that Mr. Zdroykowski did a great job coaching the team.

Boys Basketball

The Boys Basketball season was an exciting one from beginning to end. Led by senior guard Kevin Benoit, Zach Crowley and Jeff Vautrin. Each player gave the team superb skill and athleticism that was needed to succeed. Along with the great players, the team wouldn't have gotten where they did without the help from the infamous "Comp Crazies." Showing up to every game to support their Colts, the Comp Crazies cheered and applauded more than any other fans. Congratulations to the members were Tyler Comp boys on a great season.

Girls Basketball

This year, the Varsity girls worked hard to prevail against rivals Chicopee High School along with other competitive teams such as Minnechaug and Northampton. The girls managed to end the season with a winning record. The varsity team benefited strongly from the seven seniors who worked together and also from the leadership of captains Amber Legare, JC Pickett, and Alexis Wegrzynek. The girls were always surrounded by hyper and enthusiastic crowd of fans at both home and away games. The Junior Varsity team also had a successful season with multiple unexpected wins. The Junior Varsity B team worked their hardest and learned the importance of acting as a team and showing sportsmanship. All worked hard at practice, whether it was the dreaded "knights" or ladder drills. The girls bonded as a team this season more than ever before. Our graduating seniors will be missed.

Swimming & Diving

You would be mistaken to believe that what students do in the pool is less challenging than anything that they have ever experienced outside of it. From races that test one's strength, stamina, and mentality, to technical dives that cause your fans' hearts to race; swimming & diving is anything but easy. Coached by Mr. Mercer, Ms. Cushing and Melissa Asselin, these boys and girls are whipped into shape with daily practices that push them on all levels. It doesn't just end there either: being on this team causes athletes to bond even more outside of the pool area. Pasta parties are a must before big meets. The beauty of this team is that they become one diverse family. The girls team finished with an even 7-7 season. The boys team finished with a 6-8 season.

Hockey

With a .500 season, the Comp Hockey team was not a team to be messed with. They started their season by winning the Winter Classic Hockey Tournament. After beating Chicopee High, the boys were on a winning streak. They hit a slump toward the middle of the season, the boys were determined to make it up. With only one more point needed to make it to the playoffs, the boys tied Chicopee High 5-5 on their senior night. This gave them the 20 points they needed and brought them to the playoffs for the first time in five years. Even

though they lost 4-2, it was the best game the boys had ever played. Captains Joe St. Jean and Dan Brown were some of the top defense man in their division. Dan Wolf and Blaize Landry created a brick wall that was hard to get through to score. Coach Roy had a lot to be proud of through out the whole season. These boys brought big hits every game and were always determined to win. Students of the building even created "Comp Crazies Hockey" shirts for the first time ever.

Gymnastics

Wrestling

Wrestling, a sport that takes physical and mental endurance, has become a popular sport among students at both Chicopee Comp and Chicopee High. Athletes subject themselves to intense physical training as they learn tactics in

order to intimidate their opponents entering the ring. It has quite the following, and as Cael Sanderson puts it, "Once you have wrestled, everything else in life becomes easy." Wise words to live by.

Above: Wrestling is about intimidation almost as much as it's about the match itself. The face off, as Amanda Nelson demonstrates, is part of that intimidation.

Cheerleading

The cheerleaders at The Comp Cheerleading Chicopee Comp show team may be small in their spirit throughout the number, but they are a year between the fall powerful squad. The football season, the winter senior cheerleaders are basketball season and Lyssa Avery and their spring competition Stephanie Horton. They work together as a squad cheerleaders Coach to cheer on other teams Stephanie and Coach as well as keeping their Ashlee. These talented own spirits high to acrobats love to cheer accomplish their own and show their spirit goals at games and throughout the school competitions. This squad year. Clubs & Activities

As Schools Match Wits: As Schools Match Wits is a high school quiz show airing on WGBY. This season was the historic 50th season of the show. Two teams of four from two different high schools go head to head, answering questions in the challenge, capitalization, and lightning rounds. After the first round of competition, the top eight schools who scored the most points move on to the playoffs where they compete for the championship. This year, the team defeated Ludlow High 215-45. This year's team (from left to right) is made of seniors Robert Niemiec, Dan Bartley, Stephen Faivre, and Joshua Clark. They are coached by Mr. Zdroyski.

REACH: REACH stands for Resources for Enrichment and Advancement in Chicopee. This club is for advanced academic students who use critical thinking and problem solving skills in their Future Problem Solving teams for projects in and around the community. The team is made up of Donald Hedge, Jessica Avery (not pictured), and Brenda Mutai (not pictured). The scenario writer is Samantha Beaudoin. They are coached by Aubrey Pittsinger.

Political Science Club: The Political Science Club meets every week to discuss current events, elections, politics, and controversial issues. From casino gambling to mid-term elections, the club focuses on the matters important in the country and around the world. This year's president is Dan Bartley, and the teacher advisor is Mr. Jendrysik. This year, the club was made up of (from left to right, first row) Trent Domingos, Spencer Lockhart, Tyler Leahy, Dan Bartley, Ryan Boisselle, Dan Jaracz, Mr. Jendrysik, and Joshua Clark; (from left to right, second row) Sonny Yu, Sarah Laurin, Emily Laino, Aubri Bailly, Ashley Martins, Jade Cote, Zainab Ahmed, and Stephen Faivre. Sean Smith is not pictured.

Class of 2014:

President: Steven Garib
 Vice President: Javier Rivera
 Secretary: Kaitlen LaFlamme
 Treasurer: Brian Mateo
 Advisors: Ms. Wands and Mr. Sowa

National Honor Society: Membership into this prominent society is an achievement few are able to achieve. Scholarship, leadership, service, and character are the values that the National Honor Society value as well as being a role model to other students. The advisor is Ms. Parzych and this year's president is Marissa Walczak. Other officers include Daniel Ng (vice-president), Amber Legare (treasurer), and Emily Chute (secretary).

National Business Honor Society: The National Business Honor Society is a privilege for students who have maintained a grade point average of eight-eight or higher in any business explorer program. Students must enroll in three business explorer programs by the time they graduate in order to be able to be granted into the National Business Honor Society. Ms. White and Ms. Parzych are the advisors. This year's president is David Ferraro, and the vice president is Ryan Boisselle.

Science Club: Mr. Clark advises the Science Club is open to anyone interested in activities involving science that includes testing buoyancy in the school's pool.

Art and Literary Magazine: Managed by Mr. Meulemans, students can submit their drawings, writing, and photography that will be placed in Comp's Art and Literary Magazine.

Gay-Straight Alliance: The group is a safe haven for people who are gay, lesbian, bisexual, or transgender. They meet weekly on Wednesdays and discuss topics such as discrimination, suicide, and homophobia. Here nobody is judged and everyone is the same. They work on spreading the word of safety throughout the student body and help people come out.

Students Against Destructive Decisions: The group meets weakly to discuss ways of keeping teens safe. Kids are making bad decisions at an early age every year. Their goal is to prevent this. They are working to try and prevent any more people from getting hurt and making choices that they could regret later on in life such as using alcohol, drugs, and violence.

Debate Team: The group meets to debate controversial topics and compete in the Connecticut Valley Debate League. This year's topic is "The US Federal government should substantially reduce its military and/or police presence in one or more of the following: South Korea, Japan, Afghanistan, Kuwait, and Turkey."

Renaissance Club: This is a group designed to recognize student achievements in school. Currently they have been giving out gold and blue stickers to benefit pupils who have stood out academically and white stickers for people who have perfect attendance. They also honor students who go out of the way for others with the "Good Samaritan" award.

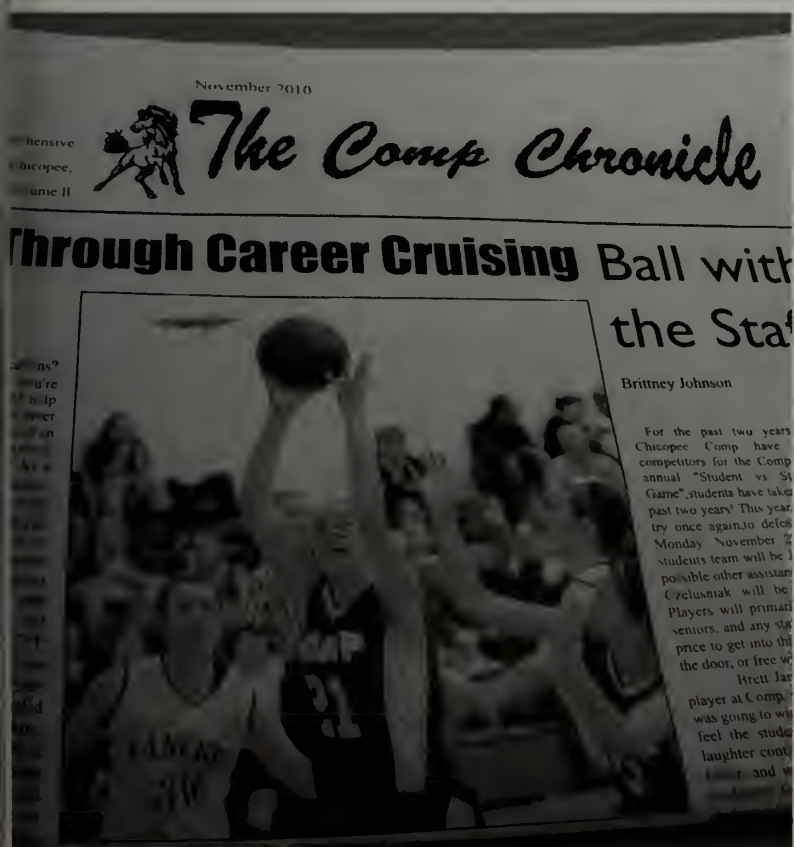

Chicopee Comprehensive Marching Colts: The band at Chicopee Comp, under the direction of Mr. Raymond, performs at football games, pep rallies, and other school functions all year round. They hold a winter and spring concert every year with Chorus and perform in parades such as the Holyoke St. Patrick's Day Parade and Chicopee Memorial Day Parade. This year the band had two drum majors: senior Karen Parker and junior CeCe Mitchell. Their countless hours of practice and effort are evident in their performances.

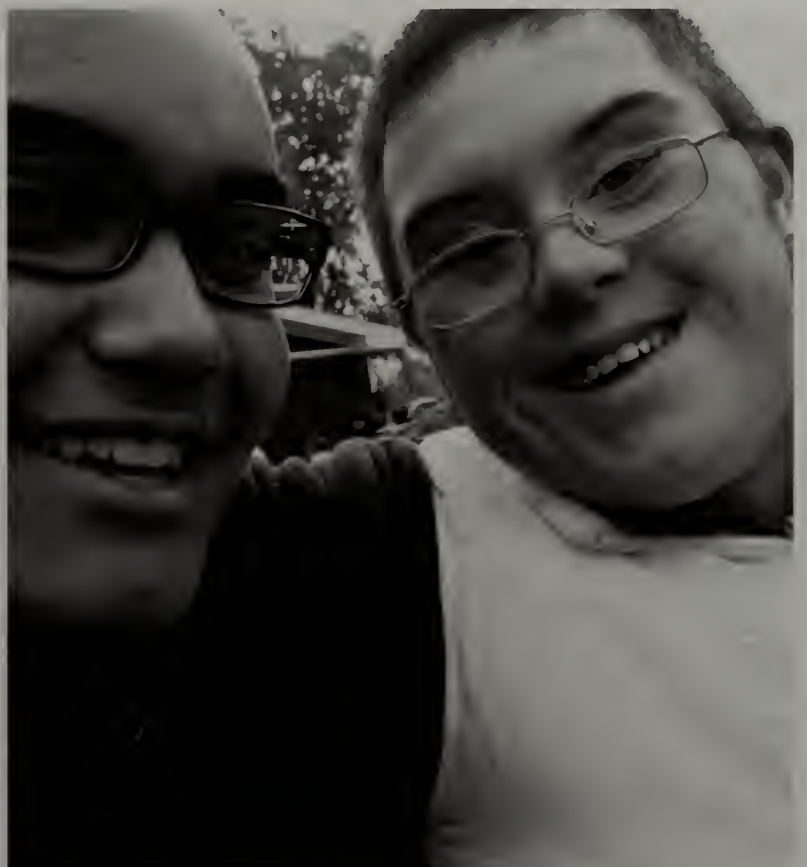

Student Council: Student Council is advised by Mr. Jendrysik and Mr. Zdroykowski (not pictured). This club allows students to reach out of their shell and help the community. Student Council sponsors different events that are held at Comp every year. They also help to raise money for Lorraine's Soup Kitchen and other charitable organizations.

SkillsUSA: SkillsUSA is a national organization advised by Ms. Coleman and Mr. Williams. Members have a chance to compete in different national competitions and learn leadership skills. They get to practice employment, get chances to travel to different places, and help clean up the community.

Journalism: Ms. Cardinal and her students focus on news in and around Chicopee Comp to write in the school's newspaper, The Comp Chronicle every week.

Best Buddies: Best Buddies is run by Ms. Demeo. Different students from Comp are matched up to be Best Buddies with a Special Needs Student. They get together and do different activities with each other. Above; Best Buddies Victor and Kevin.

Library Aides: (from left to right, front row) Dan Shepard, Mrs. Crowther, Matt Baley (second row) Tiara Wright, Carley Trudel, Jessica Lafever, Shelby Gray, Lauryn St.Jean, Amanda Pise, Alyssa Werbicki (third row) Mrs Denek, Ana Martineau, Erin Maroney, Nicole Leaper, Marissa Lukomski. The library aides act as assistant librarians for one period during the day. If you are in the library and need help, these are the people to ask.

Game Club: Jacob Jones plays another member of the game club in checkers in Mrs. Foley's game club every week. The game club meets every Tuesday for board games, video games, and much more. Jacob Jones said, "There was a lot of fun and memories here."

Art Club: In art club, students can stay after school in Mrs. Fahey's classroom and work on their artwork. Kayla Langevir is pictured above working on her sculpture.

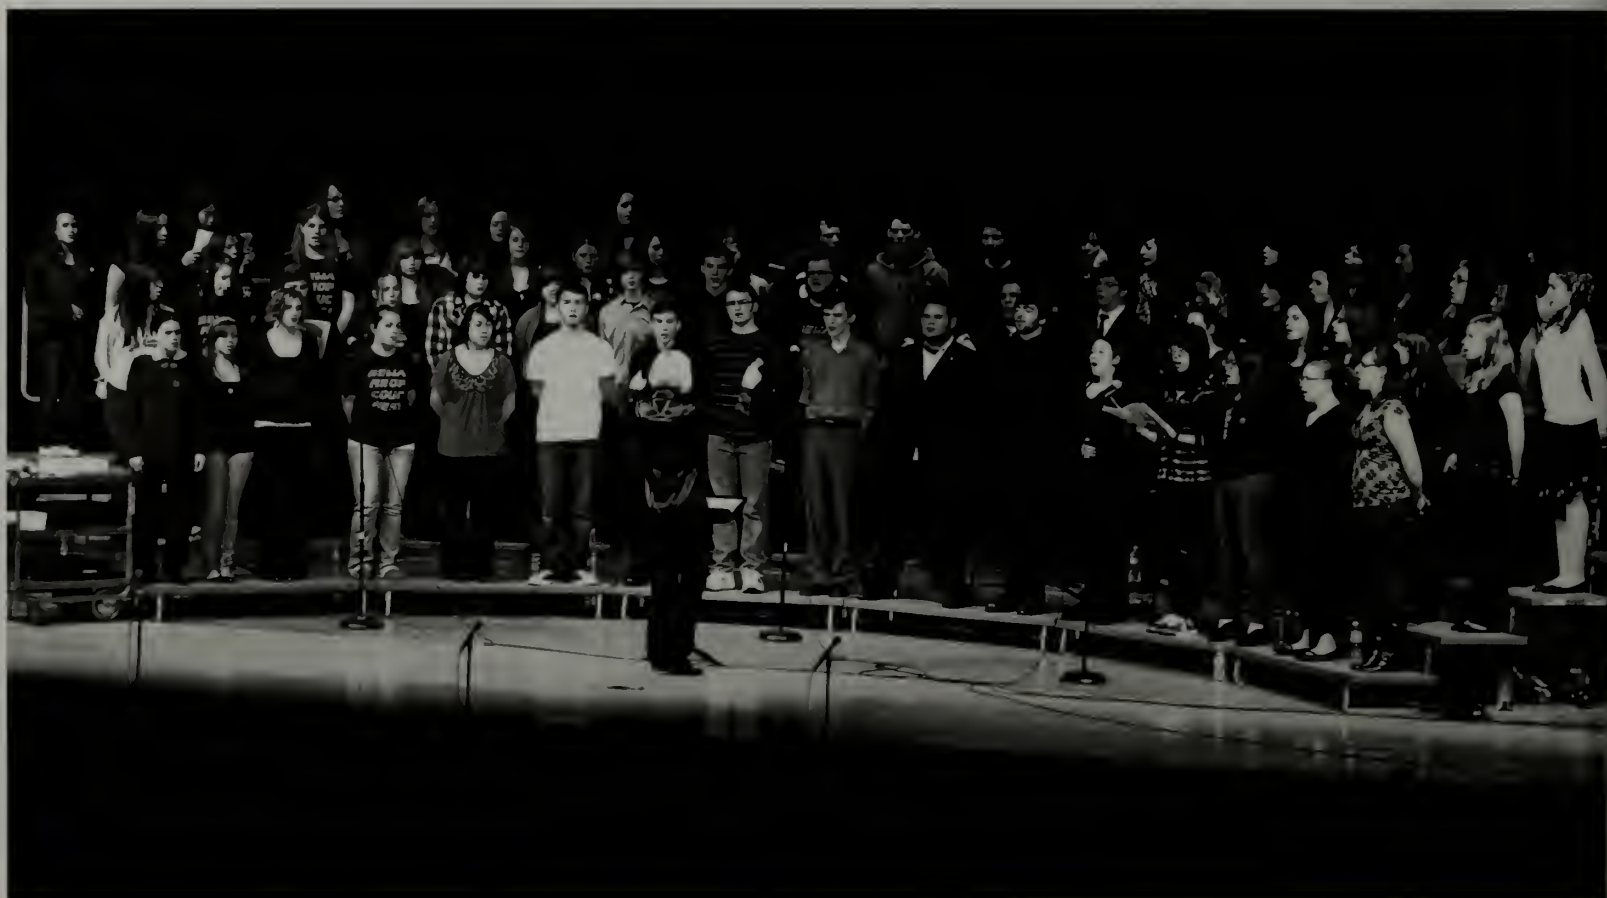

Math Club: The math club meets after school to show off their smarts and challenge themselves to learn and think critically. From left to right: Evan Cote, Marissa Walczak (vice-president), Donald Hedge (president), Sana Safeer (secretary), Matthew Valentine, and Mr. Szydlo. You might just find a little bit of a mathematician in you.

Color Guard: Under the direction Alexis Patridge (CCHS Class of 2008), the Color Guard is a great example of school spirit. They show off this spirit by spinning flags, tossing rifles, and preparing for an exposition at UMASS called "Color in Cage." Anjilah Clawson performs above.

Pep Club: Ms. Gomez advises the Pep Club, which explores different types of Latin dance. Students get a great chance to experience such a rich, lively and entertaining culture.

Chorus: Our chorus is CCHS' own spin on the *Glee* phenomenon. Under the direction of Ms. Borowiec, the chorus displays exceptional talent. It performs at many school events, such as rallies and graduation, and also holds its own seasonal concerts. Besides practice after school, many members take chorus as a class during the day to really hone in on their talents. Also, students get involved with the drama club, especially in this year's musical *The Sound of Music*.

Breakfast with Jen and Tyler: Breakfast with Jen and Tyler is a weekly morning show that is run by studio production students at Comp. Jennifer Fotopoulos and Tyler Midura host the show that features news from around the school and has segments such as "CoCo's Entertainment Corner." Mr. Buckley advises the show to make sure it can be the best it can possibly be.

Photography Club: The photography club welcomes any student interested in expressing their creativity through the art of taking photos. Ashley Martins, Jade Cote, and Carly Trudel took part in the club this year. The club is run by Ms. Kemp.

Project Peace: This club tackles environmental, social and political issues; they are involved in projects that promote peace, wellness and responsible living. At the Leverett, MA Peace Pagoda: Karla Colon, Briana Hernandez, Zainab Ahmed, Sana Safeer, Tia Tyndal, Ashley Martins, and Alyssa Rayes. Not pictured: Victor Carreras III. Ms. Crowther is the advisor.

Drama Club: Students in the Drama Club show an interest in the art of theater from acting to backstage help and direction to technical support. They begin the year with open auditions for any student who is interested and put on a musical every year. This year's show was *The Sound of Music*. The club is advised by Ms. Freisberg and Ms. Boyer.

I remember years ago, you were so little
then
Sometimes, I can't help but wish,
that you were small again.
I've cried when you've faced
heartaches,
and saw, that as you grew,
nothing broke your Spirit, instead it
strengthened you.
I'm filled with mixed emotions,
as I hold back all the tears
and, with much pride remember,
back so many years.
When I first held you in my arms,
if only I'd have known,
the years would feel like moments,
after you had grown.
You aren't a child, though in my eyes,
I guess you'll always be,
that baby boy who changed my life,
and means the world to me.

To the graduating seniors in the Class of 2011:

Two of my favorite quotations are

"A man's reach should exceed his grasp..." Robert Browning

and

"...you must do the thing you think you cannot do." Eleanor Roosevelt

The things you value most are those that you work for, not those given to you or those acquired without much effort. You'll remember the teachers who made you work hard, who challenged you, who made you do what you didn't think you could. Never be satisfied with just "getting by". Keep learning. Keep challenging yourself. I wish you lives of healthy discontent.

Live your life with arms wide open; today is where
your book begins. The rest is still

Unwritten.

The song "Unwritten" written by Natasha Bedingfield came out in 2004 while we were roaming the halls of our middle schools, still naive to what our high school experience would be. And then, three short years later, there we were. We were thrown into a much larger building where we would get lost on our way to classes, get shoved in the hallways by intimidating seniors who appeared to rule the school, along with so much more. However, as the years passed, as did graduation after graduation, we found being in high school wasn't so bad after all. We slowly started our transition to becoming upperclassmen and were no longer worthless freshmen. Now, our senior year has come to an end; the Class of '12 will now have to attempt to fill our shoes as being the leader of the schools and will be responsible for welcoming a new class to our beautiful new school.

And as for us, we are facing the next point in our life: what to do after graduation. The possibilities are endless; some of which include attending community or four year colleges, enlisting in the armed service, or heading straight to the work force. All of these possibilities relate back to Bedingfield's "Unwritten."

*"I am unwritten, can't read my mind, I'm undefined
I'm just beginning, the pen's in my hand, ending unplanned"*

After graduation, we will all start off on a blank page. There is nothing written before that forces us to choose a specific path, our decisions are up to ourselves, and we will define who we will want to be. It will be the start of our adult lives. We will ultimately be the ones making the decisions for our own lives from this point on, and will need to make adjustments at times when our lives fall astray from our plan.

*"Staring at the blank page before you
Open up the dirty window
Let the sun illuminate the words that you could not find"*

After this ending, we must plan for our next beginning. We need to start thinking about where we are headed and start taking those baby steps into our new life. And we need to make sure we welcome this new part of our life; we can't remain in high school. The memories will always remain and we need to say goodbye to the school and the people with whom we have bonded with the past four years.

*"Reaching for something in the distance
So close you can almost taste it
Release your inhibitions
Feel the rain on your skin"*

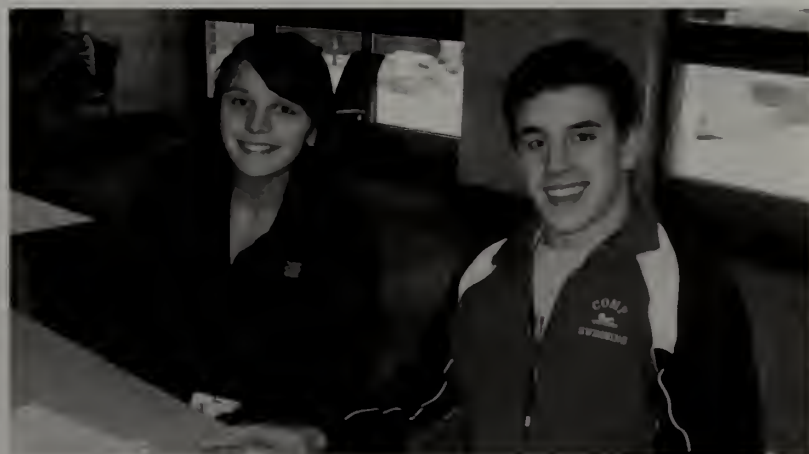

Once real life commences, once we are no longer protected by the staff and infrastructure of our alma mater, we need to realize the responsibilities and greatness of being individuals. We may be on our own, but we are well prepared for it. We must not be afraid to speak, to employ the maturity that which we have attained during our years at Chicopee Comprehensive High School.

*"No one else can feel it for you
Only you can let it in
No one else, no one else
Can speak the words on your lips
Drench yourself in words unspoken
Live your life with arms wide open
Today is where your book begins
The rest is still unwritten"*

It is now the time to take responsibility for all of your actions and it is up to you to ultimately decide which path to choose. No one else should influence how you decide to live your life; sometimes we may make mistakes, but we must rise from them, learn from them, and move on. So when June 10, 2011 finally arrives, we must prepare for a plethora of emotions, for when we walk at graduation, we will not only be saying goodbye to Chicopee Comprehensive High School, our teachers, and our peers, but also to the memories and the past thirteen years of our life. Goodbye to it all, and welcome the rest of our life that awaits us.

Congrats and good luck to you all and thank you for an amazing four years!

What you have just read through is the culmination of three years of preparation, brainstorming, editing, and production. *Memini 2011* is the blood, sweat, and tears of the Chicopee Comp Class of 2011. Twenty years from now, when you open the book again, hopefully it transports you back to sometime in the last four years, or even the Senior Banquet, and we have worked hard to achieve that feeling. The theme and concept for *Memini 2011* began as a popcorn idea off of one of our Senior shirts; the idea of "the Ones to Remember" was a concept that allowed for much interpretation and a lot of side meanings that we were able to utilize throughout the book. A lot of the side meanings actually started out as theme concepts that we were coming up with, and we ultimately ended up voting on combining all of the ideas into one mega-theme, and that is what you have here.

The cover was designed by Joshua Clark and Audrey Urban, with tweaking from the yearbook staff. We would like to thank the artists at Herff Jones for patiently fixing our critiques and making sure our cover is exactly how we wanted it to be.

We have had excellent staffs in the past, but this year, our staff was "off the charts." We settled on the cover, theme, Student Life spreads, ballot superlatives, and editors all within the first week, whereas normally it would take two weeks. Our staff was cooperative, friendly, and most of all, relatively non-dramatic. We truly had the cream of the crop of our school, and they were ready to work and dedicate themselves to making sure that *Memini 2011* was better than *Memini 2010*, *2009*, and so on. Their hard work and dedication shows through this excellent book you are reading right now.

First off, it takes dedicated editors to get the ball rolling and making sure that everyone is doing their job to get the book done on time, on budget, and on task. While I won't talk about myself obnoxiously, I will say that with this being my third yearbook, I was confident that I was able to make sure this one was the best, and I'm sure you'll feel the same way. Our Assistant Editor-in-Chief (and "President of Everything") Matt Roy helped to motivate the staff and help with any grammatical errors or any questions that arose during our countless hours of making this book.

Our Section Editors, Marissa Walczak, Emily Chute, and Daniel Bartley were everything we asked them to be and more. They did not stop at just the bare minimum; they went above and beyond to improve spreads where it needed improvement, or to add extra flare to a spread that already looked excellent. They stayed after school to finish spreads that were falling behind, and even helped their staff members if they needed assistance with eDesign. A lot of this book was their responsibility and they did not slack on that one bit.

Our Photography Editors Tori Ross and Carly Trudel, and our Assistant Photography Editors Audrey Urban and Alyssa Stokley were just as committed. Whether taking extra photos to make quotas, captioning photos, retrieving names of unknown people, or tracking down people who didn't get their picture taken, they were committed until the job was done, and for that, we thank them.

"Get your spreads done!"

"Slap-chops!"

"Sell more ads!"

"How is everyone? Is there anyone crying in the fetal position?"

"What happens in yearbook, stays in yearbook!"

"Can't tell you, it's a secret."

"Sell more ads!"

"Oh crap, eDesign lost connection... Great, now I'm locked out of my spread."

"OK, are we going to have enough spreads for the deadline?"

"Get your rubrics done!"

"Make sure you upload your pictures to the yearbook network and eDesign."

"\$70, \$70, \$70 due by November 1st."

"Josh, we want a shirt with your face on it! Please?"

Our Advertising Manager Shelby Gray was a machine, pumping out ads at the speed of light, beating her deadlines and always looking for more work. She even went out on the hunt to sell more ads to more businesses. The majority of the production cost to make a yearbook of this caliber is subsidized by the selling of advertisements and we were able to afford all of the color we have in our book due to the efforts of Shelby and our staff. We thank Shelby for really motivating the staff to "sell more ads!"

Our Business Managers Sevonah Larochelle and Felicia Houle were completely focused on selling as many yearbooks as possible, and we increased our subscription by fifteen books because of their efforts. They worked together and ensured that not only the Class of 2011 purchased yearbooks but that more underclassmen purchased them as well. We would also like to thank Sevonah and Felicia for their unrelenting spirit and stamina in selling these books.

Of course, we would like to thank our epic advisors Ms. Freisberg and Mr. Brown. Their support and open-mindedness has helped us to think outside of the box and create a book that we are proud of, instead of something that is conservative and constricting. More ideas were given by the staff than in the last two years, and this is due in part to the openness that Ms. Freisberg and Mr. Brown provide us. They are a soundboard for our concepts and we usually went to them if we had a question about something or to gain confidence in an idea before presenting to the class. The staff of *Memini 2011* owes a big, huge thank you for their support and assistance in the last year.

Lastly, we would like to thank the faculty, staff, and administration for helping us in our endeavor. Whether it was allowing us to use the photography lab, or take kids out of class, or roam the halls to take pictures, they were there for us and we appreciate that. We'd also like to thank Mr. Sweeney and Mrs. Fennessey for helping Ms. Freisberg with the ID machine so we could have awesome, yearbook-enhanced school IDs.

The 48th volume of *Memini* was produced by the staff and students in room 323 at Chicopee Comprehensive High School in Chicopee, Massachusetts and was printed by Herff Jones, Inc. in Gettysburg, Pennsylvania. Our account is serviced by representative Matthew Koziol and customer service representative Barb Hale. The cover utilized four-color litho printing with UV printing done on the text. The front endsheet is printed on 90-lb paper using black ink. The back endsheet with our class photo is printed using four-color on white paper. The book's 176 pages are printed on 100-lb paper with two signatures, or 32 pages, in color and the rest in black and white. All body copy is set in 12 pt. AHJ Avalon, all captions are set in 11 pt. AHJ Avalon, all headlines and sub-headlines are set in varying sizes of AHJ Sans. Layouts were designed by Joshua Clark, Matthew Roy, and the Section Editors as the spreads were being constructed. This year, for the first time, we dropped Adobe InDesign in favor of Herff Jones' own eDesign software that allowed us to design our yearbook on the internet. Photos were submitted to us via the internet, mostly through e-mail and the Herff Jones eShare website; a small portion of the photos were scanned into the network by Ms. Freisberg. Professional portraits of the Seniors and the Underclassmen were taken by Grynn and Barrett Studios of Holyoke, Massachusetts. Our Grynn and Barrett student representative was Joshua Clark. The 365 copies of *Memini 2011* were sold for \$70.

Boys Volleyball

Get Soaked!

The Boys Volleyball team had a powerhouse season, compiling an 18-4 record and taking second in Western Mass. Junior Connor Cloutier and Senior Ruslan Kravchenko were chosen by *The Republican* as Super

Seven Players at the beginning of the season, and they didn't disappoint. The team won gold at the Rhody Invitational, defeating the eventual state champs, Lincoln-Sudbury. With many returning players, this team will be one to watch in the future.

Baseball

A Field of Dreams

The Chicopee Comp Baseball team, under longtime coach Dan Dulchinos, fought long and hard all season. The team compiled two wins this year: a 5-3 win over Ludlow and a walk-off victory (9-8) over South Hadley. Even though the season didn't go as planned, the team continued to

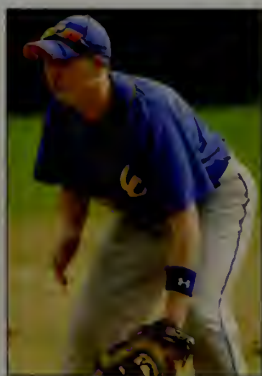

put countless hours of effort and hard work into their game. Under captains Zach Beaulieu, Nick Soillis, and Joe St. Jean, these athletes faced every pitch and played each out with determination. The CCHS Baseball team has a bright future.

Softball

One Team, One Goal

This year was a complete change for the girls' softball team. With three new coaches and a lot of adjustments, the girls had a fresh start to redeem the struggles they were faced with last year. The team adopted the motto "One Team, One Goal" and truly had the mindset of heading

to the playoffs with a winning record. The girls fought hard all season and improved under the leadership of captains Kayla Philbrick and Sam Beaudoin. Despite their losing record, the girls sharpened their skills and should definitely expect an even stronger season next year.

Varsity team: Top Row- Lorin Colucci, Ashleigh Clark, Jamie Miner, Coach Deb Green, Coach Kelly Walsh, Coach Kerri Moore, Andrea Burnette, Sammy Hill. Middle Row- Lauryn St. Jean, Kellie Ricker, Kristiana Tadeo, Chantel MacDonald, Clarissa Marchia. Bottom Row- Amanda Pise, Kasidy Kindness, Sam Beaudoin, Kayla Philbrick, Marissa Walczak, and Allison Pelter.

Sam Beaudoin winds up for the pitch.

Lauryn St. Jean waits for the ball to drop.

Boys Track

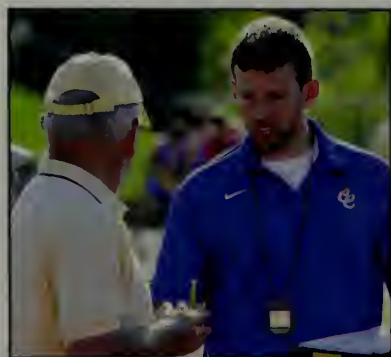

"We are a varsity sport just like baseball."

The Chicopee Comp Boys Outdoor Track team had a pretty good season this year. While they weren't undefeated like they were last year, their tenacity and desire for a winning season showed, in spite of their 4-4 finish.

The team was dominated by seniors this year, but there were some solid performances by underclassmen as well. Sophomore Alex Niemiec jumped 6'2" in high jump against Holyoke High, setting a new personal

record. Freshman Brandon Lawlor showed through as a multi-event athlete contributing team points and an unrivaled work ethic. All in all, the Chicopee Comp Boys Track team had a successful season.

Girls Track

"People ask why we run,
well what do you do when you hear a gun?"

Comp Girls Track and Field had their best season ever this year. With countless broken records and girls qualifying for Western Mass and States, it was truly an unforgettable spring. The seemingly endless rain may have delayed a few meets and practices, but it didn't affect the talented girls' amazing performances. They ended their season at 4-3, but even when

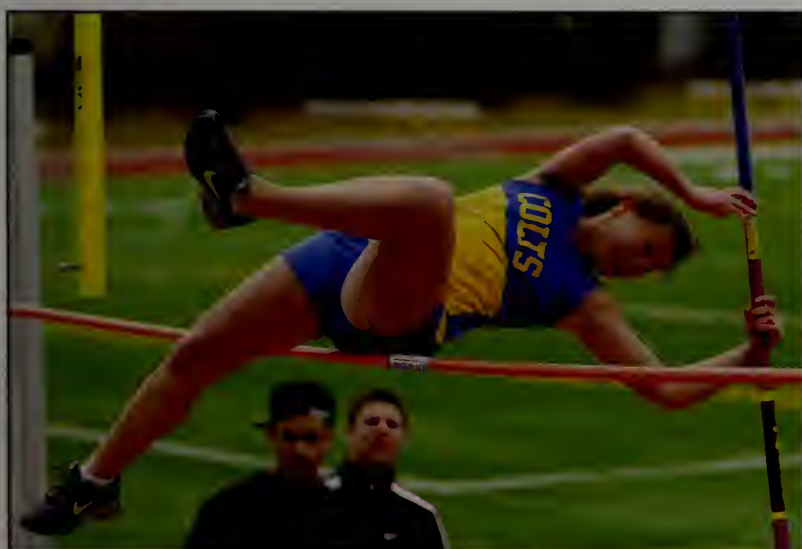

they lost they were always close behind. This year's seniors definitely left big shoes to fill next season. There were several records and accomplishments this year, but Amber Legare's first place finish in the Western Mass 100 meter hurdles event was particularly memorable! Overall Comp's girls had a terrific season that they should be proud of.

Boys Tennis

"Comp Tennis is wet again!"

The Boys Varsity tennis team may have had a 5-9 season, but they bonded and had a lot of laughs along the way. This was Coach Stanton's first year. He and his young group of players will definitely be the ones to watch in upcoming seasons!

Girls Tennis

"Don't Stop Believing"

The highly spirited Girls Varsity tennis team had two great wins; Central and West Springfield. These girls are always laughing and had a great time playing, which is what really counts. This year the girls and their coach, Mr. Buckley, say farewell to their two senior captains, Ashley Perreault and Ana Martineau. These two will be greatly missed!

Spirit Week

"Save those pennies!"

Spirit Week has been a favorite tradition at Chicopee Comp for many years. Many activities are planned, including Penny Wars, the Canned Food Drive and various dress up days. The week also includes the Mr.CCHS contest, and class competitions including the Dance-Off and the Spirit Rally. It becomes very competitive, and the classes strive to collect points for the final showdown at the end of the week, when students wear their class colors. When the junior class won the dance-off early in the week, it foreshadowed the historic and unprecedented gridlock between the junior and senior classes at the end of the competition. For the first time ever, Spirit Week ended with a tie!

Battle of the Bands

"For Those About to Rock. . ."

Mr. Clark has sponsored Battle of the Bands for the last seventeen years. It all started when a group of students complained that they didn't have a venue to display their talents. Battle of the Bands has showcased approximately one hundred bands over the years. Students start planning for the next year's Battle of the Bands as soon as one ends. The show is a great way to show off your band and have fun in the process.

Frolics 2011 was definitely a show to remember. Directed by Matt Roy and Ashley Perreault, the show can be seen as a success. Emcees Joe Craig and Kate Remillard kept the show rolling with laughter and constant entertainment. Memorable skits included "Teen Dad," "What is That?," and "House of Couture." The cast and crew did a fantastic job producing a lively and entertaining show that was talked about for days afterward.

Graduation

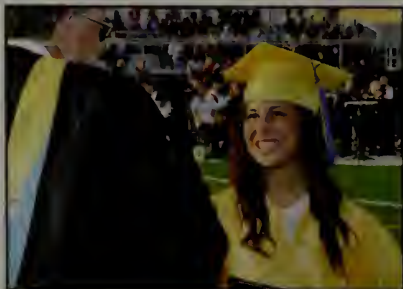

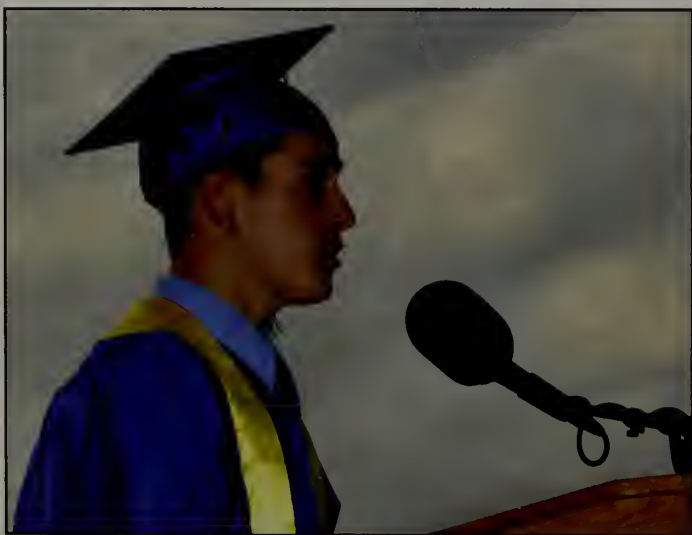

"Friends Forever!"

The Chicopee Comprehensive High School Class of 2011 graduated on June 10, 2011 on the Mitchell Kuzdzal Field. Guests in attendance included Mayor Michael Bissonnette, Superintendent Richard Rege and members of the Chicopee School Committee. Speeches from Valedictorian Donald Hedge and Salutatorian Stephen Faivre highlighted keys to success and reminisced about the old Chicopee Comp building, from which the class moved during freshman year. The beautiful weather highlighted this memorable event for the friends, family and graduates of the Class of 2011.
